For ten months, detectives with the Spotsylvania Sheriff's Office have been working to solve the heinous triple murder of 39 year-old Michael Coleman, 34 year-old Rachel Ozuna and Rachel's 14-year-old son Kyruss Ozuna. Two children, a toddler and an infant were left in the residence with their deceased parents. The deaths were discovered the morning of May 29, 2019 when Kyruss's father went to the residence to check on his son.

Today, Sheriff Roger L. Harris is pleased to announce detectives have charged the following subjects each with 3 counts of 1<sup>st</sup> Degree Murder:

James Christopher Myers, 30-year-old of Philadelphia, PA  
Durward Anthony Allen, 27-year-old of Philadelphia, PA  
Jamal Kelvin Bailey, 30-year-old of Philadelphia, PA  
Hugh Cameron Green 30-year-old of Philadelphia, PA  
Montel Jaleek Wilson 26-year-old of Philadelphia, PA

All of the suspects are currently in custody in various locations in Pennsylvania. All the subjects with the exception of Hugh Green were already incarcerated for unrelated charges. We do not have a timeframe for their extradition to Virginia.
